

COMPANY PROFILE

V.G. Chemicals

ABOUT US

V.G. Chemicals is a proprietary company based in Vadodara. With an experience & expertise of more than three decades (Since 1987), the company is serving wide sectors of industries. The company owns a Godown in the well known chemical zone near Vadodara called Nandesari. We as a company always believe in delivering quality products only. We provide the chemicals for the manufacturing of products that range from commodities to speciality chemicals & pharmaceutical preparations.

OUR MISSION

Our mission is to keep our enterprise surging ahead in the global space, embracing the advances and expanding our service portfolio to meet all the requirements of our customers.

OUR VALUES

TRUST & SUPPORT

Trust endows relationships and we are firmly rooted in the belief of transparent professional relationships. We believe in extending productive support to our customers and tread the path together in achieving their developmental goal.

SECTORS WE DEAL IN

- Oil Exploration Industries
- Pharma & Pharma Intermediate Industries
- Tyre Industries
- Paint Industries
- Cleaning & Hygiene Industries
- Cosmetics Industry

We also do Contract Manufacturing for special products.

PRODUCTS

We deal in Organic Chemicals, Inorganic Chemicals, Speciality Chemicals, Acids, Solvents and many other Industrial Chemicals. Here is a list of some products we deal in :

ORGANIC CHEMICALS

Acetic Acid	Formaldehyde
Acetone	Glycerine
Acrylamide	Hyflow Supercell
Acrylic Acid	Iodopropynyl Butyl Carbamate
Aminoethylethanolamine (AEEA)	IsoPropyl Alcohol (IPA)
Aniline Oil	Isovaleraldehyde (BASF)
Activated Carbon	Maleic Anhydride
Benzyl Alcohol	Monoethanol Amine
Benzyl Chloride	Mono Ethylene Glycol (MEG)
Benzoic Acid	Methyl Isobutyl Ketone (MIBK)
Butyl Cellosolve	Mono Methyl Amine (MMA)
Carbitol (Ethyl & Butyl)	Nonyl Phenol 9.5 (Np 9.5)
Citric Acid (Mono & Anhydrous)	Orthoxylene
Cyclohexanone	Propylene Glycol
Cyclohexane	Sodium Lauryl Sulphate (SLS)
Di Acetone Alcohol (DAA)	Sodium Benzoate
Diethylene Glycol (DEG)	Tartaric Acid
Diethanol Amine	Toluene
Ethylenediamine (EDA)	Triethylenetetramine (TETA)
Ethyl Acetate	Tetraethylenepentamine (TEPA)
Formic Acid	Triethanol Amine

INORGANIC CHEMICALS

Ammonium Bifluoride – ABF	Liquor Ammonia
Ammonium Bicarbonate	Phosphoric Acid
Ammonium Oxalate	Sulfamic Acid
Alum	Sodium Bi Carbonate
Bleaching Powder (Calcium Hypochlorite)	Sodium Bromide
Caustic Soda Flakes	Sodium Metabisulfite
Caustic Potash Flakes	Sodium Nitrate
Copper Sulphate	Sodium Sulfite
Di Sodium Hydrogen Phosphate	Sodium Sulphonate
Hydrogen Peroxide	Zinc Oxide

OTHER CHEMICALS

Butyl Acetate	Methanol & Ethanol
CMIT / MIT	Methylene Dichloride (MDC)
Calcium EDTA	Mix Solvent
Diethylene Triamine (DETA)	Mix Xylene
DTPA	N-Butanol
Dowanol Dpm	N-Propanol
Dowanol Pma	Oil Remover
EDTA & It's Salts	PEG – 400
Ethylene Dichloride (EDC)	PEG – 600
Glycol Ether (Dow series)	Sodium Laureth Sulphate (SLES)
Hydro Bromic Acid (HBR)	Sodium Nickel Sulphate
Hydrochloric Acid	Solvent C-IX
Hexane	Thinner
Hydroxy Ethyl Cellulose (HEC)	Tri Ethyl Amine
Lactose	Titanium Dioxide

SPECIALITY CHEMICALS

BKC – 50% & 80%	Euperlan PK 1200 (BASF)
Benzophenone – 3 (Ashland)	Ethylene Glycol Monostearate
Benzophenone – 4 (Ashland)	Ethylene Glycol Distearate
Behentrimonium Chloride	Lauryl Alcohol – 10 (LA – 10)
Corrosion Inhibitor	PEG – 40 Hydrogenated Castor Oil
Cocamidopropyl betaine (CAPB)	SLES – 70%
Castor – 40	Silicon Quaternium 22
Coco Diethanolamide (CDEA)	Vulkanox BKF (Anti - Oxidant)
Demulsifier	

We can fulfil your requirements in drum packing as well as in tanker loads with best rates.

QUALITY STATEMENT

We know that the quality of our chemicals and services impacts your day-to-day productivity, so we are committed to delivering high quality, every day.

We guarantee our product quality with Certificates of Analysis

V.G. Chemicals puts product quality above everything and provides Certificate Of Analysis for all its products upon request.

Your satisfaction is important to us.
